Sheila E. Calello

McCarter lawyers provided critical *pro bono* assistance to seven refugee clients of the International Rescue Committee who are trying to reunite with children, parents, and loved ones – many of whom are living in refugee camps. We completed the federal government paperwork necessary to initiate the process of reunification for six families from Syria and one from the Democratic Republic of Congo. Without our lawyers, these clients would have had to wait indefinitely to complete this paperwork. Sheila Calello, and Pro Bono Director Michelle Pallak.
