Scott Kobler was listed at #26 in this year's NJBIZ Power 50 Health Care rankings of the top 50 most influential health care players in New Jersey.

The McCarter & English attorney, an annual member of this list, seemingly has the respect of everyone in the industry. "He seems to be involved in just about every financing deal that goes through the New Jersey Health Care Financing Authority in New Jersey," said a fan. "He's a brilliant attorney and he knows health care financing better than anybody I've ever worked with." Said another: "I don't think there's a bond transactional lawyer out there that's any better than Scott Kobler."
