No one can talk about banking without offering speculation as to what the industry may look like under President-elect Donald Trump.

Let Mike Horn, a former New Jersey banking commissioner who now represents community banks at McCarter & English, be the first to tell you:

“There’s no doubt — there are changes on the horizon.”

A partner of his at the law firm, Veronica Montagna, is equally certain of that. But what kind of future is in store for banks and their shareholders?

Montagna says they can expect something brighter.
