

Multinational pharmaceutical company— Member of the defense steering committee and national discovery counsel in proton-pump inhibitor multi-district litigation

10.15.2019

Serving on the defense steering committee and as national discovery counsel to a major multinational pharmaceutical business in ongoing and high-profile litigation alleging a class of heartburn drugs cause chronic kidney disease, renal failure, or other kidney problems. The representation involves over 10,000 cases, and includes appearing in Court and advising on all discovery issues related to *In Re: Proton-Pump Inhibitor Products Liability Litigation*, a multi-district litigation in the U.S. District Court, District of New Jersey, and in numerous state courts across the country.
