**Simone helps clients cut through challenges to close on complex commercial real estate transactions.**

Co-chair of the firm's Real Estate Practice Group, Simone Wilson-Brito represents clients in all aspects of commercial real estate financing, leasing, acquisitions, and sales. Simone represents landlords and tenants in drafting and negotiating office leases, lenders and borrowers in commercial loan transactions—including helping lenders finance non-traditional loans involving the construction of hydroponic green houses and the refinancing of loans involving taxi-medallions as collateral—and purchasers and sellers in acquiring and disposing of commercial real estate.

Prior to rejoining McCarter & English, Simone was real estate counsel for The Rockefeller Group Development Corporation, where she gained valuable experience in understanding the business considerations that fuel real estate transactions. Simone negotiated construction-related agreements and worked closely with construction professionals to oversee the administration of construction contracts involving the delivery of build-to-suit warehouses. During her tenure with the company, she negotiated leases, building contracts, licenses and other transaction documents supporting the company's development, management, and ownership operations in New York, Florida, South Carolina, and New Jersey.

Simone is co-chair of McCarter's Women's Initiative Steering Committee, which presides over the policies that have led to McCarter receiving Gold Standard Certification from the Women in Law Empowerment Forum for seven of the last eight years. She is also a member of McCarter's Diversity Committee. Her involvement in the Newark community includes serving as a member of the Board of Trustees of the YMCA of Newark and Vicinity.

### Representative Matters

#### Housing Authority of the City of New Haven—Land acquisition

Closed on a \$1.4 million acquisition of approximately two acres of partially developed land located along the Quinnipiac River waterfront, which is planned to be developed into a mixed-use, multifamily residential and commercial/retail development that includes approximately 50 units of a mix of affordable and market rate housing.

#### National bank—Multifamily project loans

Represented a national bank in negotiating financing for multifamily housing projects, including (1) a \$30 million construction and term loan for a project in Connecticut, (2) a \$75 million syndicated loan for a multifamily and retail property in Massachusetts, and (3) a \$120 million combined loan increase and conversion of a construction loan to a term loan for a project in New Jersey.
